- ❖ AI & ML Tools & Tech Stack : Gemini LLM, Gemini API, Vertex AI, Prompt Engineering, scikit-learn, pandas, NumPy, Hugging Face, Streamlit, RAG.

EXPERIENCE

Frontend Developer | Pure Connectt | Ankleshwar

(Oct 2024 to Feb 2025)

- ❖ Developed and maintained the Pure Connectt hiring portal, leveraging technologies like ReactJS, Tailwind CSS, Recharts, and other modern frontend tools.
- ❖ High level site execution by 70% of decreasing reloading times and ensuring smooth changes across all pages, overhauling client experience.
- ❖ Designed and implemented the PureConnect Score feature, providing data-driven insights to evaluate candidates' potential fit, streamlining recruitment for employers.

Webflow & Frontend Developer | TheCSSAgency | Surat

(Oct 2023 to Feb 2024)

- ❖ Implemented Webflow for website creation, leading to a 30% reduction in bounce rate and a 20% increase in average session duration.
- ❖ Worked with No Coding Platform such as Webflow , Wix , Framer and Other website builders.
- ❖ Utilizing Webflow's intuitive tools, brought dynamic animations to life, ensuring an engaging user interaction.

PROJECTS

TaskAI Assistant

(May 2025 to Present)

- ❖ Developed using Python, incorporating Gemini LLM and Gemini Pre-trained API to enhance AI-driven task automation and decision-making.
- ❖ Built with ReactJS, Tailwind CSS for styling, and GSAP for smooth animations, ensuring an intuitive and dynamic user.
- ❖ Integrated with Clerk authentication to provide secure access and user management.

Gemini Clone (GForce)

(Mar 2025 to Present)

- ❖ Incorporated Google's Gemini LLM (Flash 1.5) via GenAI APIs into a dynamic Gemini clone web application.
- ❖ Tailwind CSS for rapid styling and React.js for the construction of responsive UI components.
- ❖ Gemini API for streaming content with the help of Google's GenAI SDK, making it possible to have live LLM-powered conversations.

PureConnectt Job Portal

(Sep 2024 to Feb 2025)

- ❖ Pure Connectt is a hiring portal that leverages an employee score to streamline recruitment.
- ❖ This score provides a quick, data-driven insight into candidates potential fit, helping employers make informed hiring decisions efficiently - ReactJS, Tailwind CSS, JavaScript, PHP, MySQL.
